

## **LEPROSY STILL EXISTS, THERE IS A CURE AND IT CAN BE ENDED WITHIN A GENERATION.**

We are a Christian organisation that works with leprosy-affected families and their communities. Our vision is to see a world where leprosy is defeated and lives are transformed.

Our work is only possible because of incredible people in New Zealand supporting us through donations and prayer. Together we can achieve so much!

### **WE CURE**

Early detection and diagnosis of leprosy is vital to our mission, because if treatment with multi-drug therapy is started early enough, long-term disability can be completely avoided.

### **WE CARE FOR**

We support hospitals that provide treatment for leprosy-affected people. This ranges from ulcer care to reconstructive surgery and physiotherapy.

### **WE RESTORE**

We listen, we learn and we empower whole communities to take charge of their own development.

*For more information, please visit our website at [www.leprosymission.org.nz](http://www.leprosymission.org.nz) or call us on 0800 862 873.*
